Print and keep this document as a checklist to help you prepare for the process.

REMINDER: The initial processing requirements differ for Canadian & Mexican citizens.

- A Canadian citizen does not require a TN entry visa in his/her passport. A Canadian simply presents the required supporting documentation at a US port of entry.

- A Mexican citizen must obtain a TN entry visa in his/her passport from a US Consulate or Embassy before being eligible for admission to the US in TN status. Otherwise, the application process is the same.

- Application for entry in TN status is made at a port of entry (at an airport handling international traffic or at a pre-clearance/pre-flight station directly upon entering the US).

- At that time, the prospective TN status applicant must present the required documentation listed below.

- The TN applicant will complete the required US Department of Homeland Security (DHS) forms and only Canadian citizens (not Mexicans) will pay fees ($56 – must be USD).

- The TN status will be adjudicated on the spot at a port of entry, and the TN applicant will be admitted to the US in TN status.

- The back of the TN I-94 card should be annotated with the name of the employer (and/or position title) by the DHS officer.

Required documentation

- Please be prepared to present the following documentation upon arrival to the US:

  - Proof of Canadian / Mexican Citizenship

  - Detailed letter from the employer on Penn department letterhead, written by the TN applicant’s supervisor or the Chair of the Department.

  - The letter should:

    - Affirm that the applicant's profession is one listed in the NAFTA agreement. This should be a direct statement specifically placing the employment within one of the occupations listed.

    - For example, "Dr. Smith will be employed as a Biologist in the Department of Pathology and Laboratory Medicine. His title will be Postdoctoral Researcher."

    - Describe the duties the applicant will perform in the US.

    - Reference the anticipated length of stay.

    - For example, "This position is for 40 hours per week and begins on December 1, 2009 and ends on November 30, 2011; it may be renewed based on successful performance."

    - Describe the arrangements for payment for the services to be rendered, including benefits.

    - For example, "Dr. Smith will be paid on a monthly basis at an annual salary of $xx, and he will receive the standard University benefits package."

    - Confirm that the applicant meets the relevant license and/or educational requirements.
• Evidence that the individual has the required credentials for the profession as stated in the NAFTA agreement.
  • This proof can be in the form of diplomas, transcripts, licenses, certificates or other documentation.
  • DHS has the right to request to see these documents in original form, or certified copies.
  • ISSS strongly recommends that credentials obtained outside Canada or the US are accompanied by a credentials evaluation.
  • Furthermore, credentials in a foreign language (including Latin) must be translated into English.
• A statement that the purpose of entry to the US is temporary. Although this may be set forth in the employer's letter, the applicant should also articulate it at the time of admission. This is usually satisfied by including the beginning and ending dates of employment in the employer's letter.
  • For example, "This appointment is temporary, for two years, from December 1, 2009 to November 30, 2011, renewable upon satisfactory performance."
• Filing fees of $56 (Mexican citizens exempt)
  • the fee is subject to change
